

# CHARLESTON BEADED COLLECTION®

# Test our vinyl. We do. Rigorously. Relentlessly.

**WEATHERING** Color retention (resistance to fading) is tested by subjecting Mastic products to real-time weather conditions and accelerated UV testing. This ensures that Mastic products will hold up in the most extreme environmental conditions.

**OIL CAN TEST** Siding panels are placed under heat strips and saturated to 120° – 140°F to make sure the siding doesn't warp or buckle.

**RIGIDITY** Panels are designed and engineered to be more rigid so siding remains straight on the wall.

**GLOSS TEST** A digital readout microgloss meter is used to scan siding to determine if its gloss falls within a target range. Gloss is important to the aesthetic appeal of the siding.

**COLOR READ TEST** Using a spherical spectrophotometer, a 10,000-watt xenon flash tube bounces light off siding panels. This information is then analyzed to determine if the color falls within accepted ranges for consistency and match.

**VERTICAL HEIGHT IMPACT TEST** Measures the product's durability and ability to resist impact forces — the result of proper thickness, formulation and impact modifiers.

WOODGRAIN  
FINISH

**CONTEMPORARY BEAD**  
Sculpted, beaded ridge  
provides crisp, clear  
shadow lines.

**TRADITIONAL BEAD**  
Wide, sculpted, beaded ridge  
creates subtle shadow lines to  
enhance traditional-style homes.

**ADVANCED LOCKING SYSTEM AND NAIL HEM**

Precise, secure fastening, easier installation and tighter fit combine to deliver added strength and stability — even in high winds.

**WIND SPEED —  
RATED UP TO 165 MPH**

**PREMIUM .044 THICKNESS  
CONTEMPORARY BEADED**  
Superior thickness and impact resistance.

**PREMIUM .046 THICKNESS  
TRADITIONAL BEADED**  
Superior thickness and impact resistance.

**MASTIC HANG-TOUGH™ TECHNOLOGY**

Exclusive formulation and process boosts durability so panels are more resistant to cracking, impact and thermal distortion. As an added benefit, rich color resides throughout the panel — virtually eliminating the appearance of nicks and minor surface scratches.

**CLASS 1(A) FIRE RATING**

**MASTIC V.I.P. LIMITED LIFETIME WARRANTY**

Premium guarantee of lasting quality and peace of mind — backed by Mastic, a trusted industry leader for 50+ years (see warranty for complete details).

**METRO-DADE COUNTY APPROVED**

# Genuine Mastic. First in home exterior products.

**Only the best.** Mastic Home Exterior is your solution for the finest-quality vinyl siding products and our exclusive Designer Accents™ collection of finishing accessories. Shutters. Decorative door and window mantels. Corner posts. Blocks and vents. Columns and gutters. All designed to perform — and coordinate — perfectly with your Mastic siding. For uncompromising quality, beauty and performance, insist on a complete exterior by Mastic Home Exterior.
